The security of the Weisswasser railroad station was particularly good as it is a so-called "Youth Station", which is operated exclusively by FDJ railroadmen. ***

Comment. The information indicates no substantial changes at the Weisswasser training grounds. The home stations specified in the present report were stated correctly, but failed to include Spremberg where the 80th Gds Hvy Tank Bt Regt of the 9th Mecz Div is stationed.

The vehicle mentioned in the present report belong exclusively to components of the 9th Mecz Div.

Comment. The regiment is stationed in Luebben. The shipment observed is believed to have been a component of the regiment which was going to Luebben.

Comment. It has been repeatedly observed that some of the recruits of the Soviet Zone of Germany have been receiving basic training at the military posts of their respective units. The shipment of recruits mentioned in the present report probably came from one of the posts of the 9th Mecz Div.
